

# 5-10 t

G series Internal Combustion Counterbalanced Forklift Truck

# Technical features remarkably improved

# **Damping**

With suspension damping structure on overhead guard(cab) and optimized design for the transmission, the whole trucks's vibration reduced a lot and relieve driver's fatigue greatly.

#### Noise reduction

> Equipped with fully sealed cab and optimize designed parts around the engine, noise nearby ear and the truck sound level are reduced greatly.

# Heat dissipation

With the optimized cooling system and great cooling performance, highly improved the reliability and durability of the transmission and engine, etc, many key parts.

# Energy efficiency

With optimized hydraulic system, the truck is more energy-efficient and lower fuel consumption.

#### Comfort

Man-machine engineering design improves operation comfort; wide view lifting system improves vision.

# Intelligent gear shifting

With electronic-hydraulic reversing system as standard configuration, make operation more liaght and easy; The updated new intelligent gear shifting system could avoid starting with second gear, improves the transmission box's realiability.

# Maintainability

Wider internal space, more reasonable parts layout and 80°hood opening angle make maintenance easy.

### Reliability

Key parts like frame and mast apply CAE top-down design to improve their strength and make the truck tough.

Independent integrated electric cabinet

LED signal (standard configuration)

Rachet type parking brake

Locked fuel tank cover

Folder

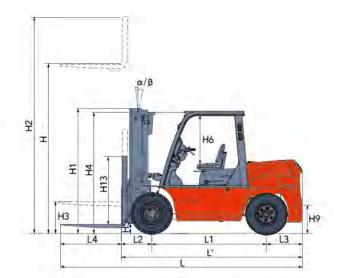

Wet-disc brake driving axle (optional choice): Advantages: the convenient operation, stable braking and free from maintenance.

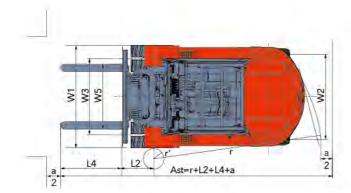

# G SERIES 5-10 t

Note: The vertical axis stands for load capacity and the horizontal axis stands for load center which is calculated from the front surface of the forks to the gravity of the standard load, the standard load means a cubic with 1200mm edge length. When mast is tilted forward, using non-standard forks or loading large goods, the load capacity will be reduced. The load capacity of standard mast at different load center can be known from this load chart.

Note: (1) 8.5t: the free lift without backrest 172mm increased,
(2) 10t: free lift without backrest,
Note: The service weight in the table is the weight of the truck assembled with XiChai engine.

#### Reliable special designed instrument

Reliable special meter display the whole truck's working condition, fault detect and other important information completely which make the operator master the whole truck condition directly and conveniently.

Standard configuration		Optional	
Hour meter	Overhead guard	Driver's cab	User-specified color
Horn	Standard fork	Warning light	Optional attachments
Oil pressure alarm	Neutral gear switch	High air exhausting device	Sling
Control valve	Hydraulic circuit oil filter	Double air cleaner	Full LED light ass'y
Wholly hydraulic-powered steering	Electro-hydraulic changing-over	Suspension seat	Power switch
Rubber pad	Intelligent shift	Fork extension	Reversing voice speaker
Backrest	Speed-limiting valve	Heater	Universal key
Rear view mirror	Oil level gauge	Solid tyre	Overspeed 10km/h alarm
Front combined lamp (LED light)	Charging indicator	Widen fork carriage	Electric fam
Transmission oil filter	Wide view mast	Wind shield	OPS(Travelling function and loading function)
Engine flame out device	Air intaking device	Purifying muffler	Drive axle with wet disc type brak
Rachet type parking brake	Durable tire with decorative pattern	Fire extinguisher muffler	
Water temperature meter	Lifting and tilting operating handles	Fire extinguisher	
Driver's tools	Traction pin	Rear working light	
Rear combined lamp(LED)	Semi-suspension seat	Air conditioner (certain type)	
Reversing buzzer	Hydraulic oil dipstick	OPS (travelling function)	
Tilt-lock valve	Overhead guard rain cover	Torque converter oil temperature meter	
Tilt adjustable steering column	Torque converter oil dipstick	Tilting cylinder sleeve	
Back view mirror	Combined instrument	Steering cylinder sleeve
